## PROFESSIONAL SUMMARY

A motivated Full Stack Developer fresher with a strong foundation in the MERN stack (MongoDB, Express.js, React, Node.js). Passionate about learning new technologies and building responsive, efficient, and user-friendly web applications. Eager to apply academic knowledge and grow professionally by contributing to real-world projects in a collaborative development environment.

## PROJECTS

### Major-Project(CinemaTicket Management System )

html, css, bootstrap,php, codeigniter

The “CineConnect” is a sophisticated web-based platform that revolutionizes the process of booking and managing movie tickets. This project aims to provide a seamless and user-friendly interface for moviegoers to browse movie listings, select preferred showtimes, and reserve seats effortlessly. Additionally, the system incorporates data mining algorithms to extract valuable insights from user preferences and booking patterns, enhancing the overall movie-going experience.

### Mini-Project (Bakery Management System)

html, css, bootstrap,php, smarty

Managed an online home bakery delivering high-quality,homemade baked goods,including cookies cakes, cupcakes, and artisan bread, using time-honored recipes and locally sourced ingredients.
