PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer skilled in building responsive web applications using the MERN stack. Proficient in both frontend and backend development with strong problem-solving abilities. Passionate about clean code, teamwork, and delivering user-friendly digital experiences.

EDUCATION

Kerala University – UIT Kottarakara — Kerala, India
Bachelor of Computer Applications (BCA) — *2021 – 2024*

Board of Secondary Education– St Goretti HSS, Punalur — Kerala, India
Science — *2019 – 2021*

Board of higher secondary Education– St Mary's HS, Aryankavu — Kerala, India
2019

EXPERIENCE

Full Stack Developer Intern — Jun 2024 – Feb 2025
Mashup Stack — *Kerala, India*
- Completed hands-on training and internship in the MERN Stack (MongoDB, Express.js, React, Node.js).
- Developed full-stack web applications including an OTT platform (CineStream) and Medical Store Management system.
- Worked on user authentication, CRUD operations, RESTful APIs, and responsive front-end design.
- Collaborated in an agile environment to deliver real-world project solutions.

PHP Coding Intern — Mar 2024 – May 2024
Softsaze Solutions — *Kerala, India*
- Assisted in developing and maintaining dynamic web pages using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented database operations and basic backend logic to support web functionality.
- Gained exposure to MVC architecture and improved debugging and testing skills.

PROJECTS

CineStream (OTT Streaming Platform) – *MERN Stack (MongoDB, Express.js, React.js, Node.js)*
CineStream is a cutting-edge OTT streaming platform designed to deliver a seamless and immersive entertainment experience. It offers a vast collection of movies, series, and exclusive content, providing users with a smooth viewing experience and an admin dashboard for content management.

CinemaTicket Management System – *HTML, CSS, Bootstrap, PHP, CodeIgniter*
Developed an online movie ticket reservation system that integrates multiple theater chains, real-time seat availability, dynamic pricing, and promotional features to offer users a convenient and efficient booking experience.

Bakery Management System – *HTML, CSS, Bootstrap, PHP, Smarty*
Created an online bakery management platform for home-based businesses, featuring product listings, order tracking, and delivery management for homemade baked goods such as cakes, cookies, and bread.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, Java, C, SQL, HTML, CSS
Web Technologies & Frameworks: React.js, Node.js, Express.js, RESTful APIs, Bootstrap
Databases: MongoDB, MySQL
Developer Tools: Git, GitHub, VS Code, Postman
